

40KHz Cavitation Cryolipolysis Slimming Machine For Non Invasive Body Contouring

Our Product Introduction

For more products please visit us on hifubeauty-machine.com

Basic Information

- Place of Origin: China Guangzhou
- Brand Name: Rapid freezing molding machine
- Certification: CE
- Model Number: LD-1
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Temperature: -15~5
- Cavitation: 40K
- Service: OEM ODM
- Vacuum Pressure: 10-80KPa
- Stationary: Yes
- Lipolaser: Diodes Liposlim For Fat Removal
- Treatment Areas: Abdomen, Thighs, Arms, Love Handles, Back
- Work Model: Pulse
- Name: Cryolipolysis Slimming Machine
- Highlight: Cavitation Cryolipolysis Slimming Machine, 40K Slimming Cavitation Machine, Body Contouring Lipo Laser Machine

Product Description

40KHz Cavitation Cryolipolysis Lipolaser Machine For Non Invasive Body Contouring

Product Description:

The Cavitation RF Slimming Machine is equipped with a 40K cavitation system that effectively targets fat cells and breaks them down. This process is non-invasive and painless, making it an ideal solution for people who want to lose stubborn fat without surgery. The machine also has a Frozen Head Pressure feature that can be adjusted from 0-100kpa to provide optimal results.

The Cryolipolysis Slimming Machine uses a Pulse work model to ensure that the treatment is comfortable and effective. This work model is designed to deliver consistent and controlled cooling to the target area, which helps to eliminate fat cells. The machine also features a Laser Wavelength of Laser Diode AlGaInp 635-650nm, which helps to stimulate the body's natural healing process and promote collagen production.

Overall, the Cryolipolysis Slimming Machine is an advanced body shaping system that can help you achieve your desired body shape without surgery. With its advanced technology and safety certifications, you can be confident that you are getting a safe and effective treatment. Whether you want to lose stubborn fat, tone your body, or improve your overall appearance, this machine is the perfect solution for you.

Features:

Product Name: Cryolipolysis Slimming Machine

Type: Slimming Machine

Cavitation: 40K

Handle Screen: 3.5inch

Freezing Temperature: -15-5

Lipolaser: Diodes Liposlim For Fat Removal

This Cryolipolysis Body Slimming Machine is a type of Cryogenic Equipment that helps with fat removal.

Technical Parameters:

Type	Slimming Machine
Functions	Weight Loss
Service	OEM ODM
Vacuum Pressure	10-80KPa
Handle Screen	3.5inch
Laser Wavelength	Laser Diode AlGaInp 635-650nm
Stationary	Yes
Certifications	CE, ISO13485
Lipolaser	Diodes Liposlim For Fat Removal
Frozen Head Pressure	0-100kpa

Applications:

The Rapid Freezing Molding Machine, also known as the LD-1, is a body slimming machine that originated in Guangzhou, China. This product is a top-of-the-line 360 Cryolipolysis machine that utilizes diode liposlim and laser diode AlGaInp 635-650nm technology to remove fat from treatment areas such as the abdomen, thighs, arms, love handles, and back.

The vacuum pressure of the LD-1 ranges from 10-80KPa, providing a safe and effective treatment for customers. The Cryolipolysis slimming machine works by freezing fat cells, which then naturally eliminate from the body over time. This process is non-invasive, painless, and requires no recovery time.

The Rapid Freezing Molding Machine is perfect for customers who are looking for a non-surgical alternative to traditional liposuction. The treatment is also ideal for those who have stubborn fat that cannot be eliminated through diet and exercise alone.

In addition, the LD-1 is available for OEM and ODM services, making it a flexible option for businesses looking to expand their product line.

Overall, the Cryolipolysis slimming machine is a versatile product that can be used in a variety of occasions and scenarios. It is suitable for use in beauty salons, spas, and wellness centers. The LD-1 is also a great addition to medical practices and clinics that offer body contouring services.

Whether it's for personal use or for business purposes, the Rapid Freezing Molding Machine is a top choice for those in search of a reliable and effective HIFU slimming machine.

Customization:

Customize your Rapid freezing molding machine (Model Number: LD-1) from China Guangzhou with our OEM ODM service for the perfect HIFU Slimming Machine, Body Slimming Machine, or Slimming Machine.

The frozen head pressure can be set to your preference, with a range of 0-100kpa. Additionally, our machine features Diodes Liposlim for effective fat removal, with a pulse work model. The vacuum pressure can be adjusted to 10-80KPa.
